

Amendments to the Claims:

A clean version of the entire set of pending claims (including amendments to the claims, if any) is submitted herewith per 37 CFR 1.121(c)(3). This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1. (Canceled)

2. (Currently Amended) ~~A rear projection system as claimed in claim 1,~~
~~characterized in that~~ A rear projection system comprising a rear projection cabinet
with a rectangular opening, a projection screen covering said opening and a projector
located at least partly in said cabinet, characterized in that the sides of the
rectangular opening are curved,

wherein the sides of the opening are curved at least as much as curvatures of
sides of an image to be projected by the projector, which curvatures are due to
distortion caused by the projector.

3. (Currently Amended) A rear projection system as claimed in claim ~~[[1]]~~2,
~~characterized in that~~ wherein the sides are curved towards a centre of the opening.

4. (New) A rear projection system comprising a rear projection cabinet with a
opening, a projection screen covering said opening and a projector located at least
partly in said cabinet, wherein a cross-section of the opening that is in a plane
parallel to a front surface of the projection screen is substantially rectangular, with
sides of the cross-section being curved.

5. (New) The system of claim 4, wherein the sides of the cross-section are
curved at least as much as curvatures of sides of an image to be projected by the
projector, which curvatures are due to distortion caused by the projector.

6. (New) A rear projection system as claimed in claim 4, wherein the sides are curved towards a centre of the cross-section.

7. (New) The system of claim 4, wherein all of the sides of the cross-section are curved inwardly.
